Minnesota Health Care Programs

Minnesota Health Care Programs can give you and your family coverage for most medical services or provide help paying your Medicare premiums, deductibles and copays. How much help you can get depends on the program you qualify for.

Medical Assistance

Medical Assistance (MA) is Minnesota's Medicaid program. There is no monthly cost to enrollees. MA pays for current and future medical bills. MA may also pay medical bills going back three months from when we get your application.

You can have other health insurance and still qualify. MA may help pay for the cost of your other health insurance.

Medical Assistance for Employed Persons with Disabilities (MA-EPD)

MA-EPD is a work incentive health care program that provides MA coverage to employed people with certified disabilities. You must earn more than \$65 a calendar month to be eligible for MA-EPD. An asset limit of \$20,000 applies. Assets owned by your spouse do not count. You pay a monthly premium based on your income. American Indians usually do not pay a premium.

Medicare Savings Programs

Medicare Savings Programs can help pay Medicare premiums, deductibles and copays for people enrolled or who can enroll in Medicare.

MinnesotaCare

MinnesotaCare is a Minnesota health care program. MinnesotaCare is low-cost health care coverage for Minnesotans who do not qualify for MA or Medicare, or cannot get affordable insurance through an employer. Most people pay a monthly premium. The premium is based on your household size and income. Coverage starts the first day of the month after you pay your premium.

What services are covered?

MA, MA-EPD and MinnesotaCare covered services include:

- Doctor's visits
- Outpatient care
- Emergency care
- Hospital care
- Maternity and newborn care
- Mental health care
- Alcohol and drug treatment
- Prescription drugs
- Rehabilitative services
- Laboratory services
- Preventive and wellness care
- Chronic disease management
- Dental care
- Vision care including eye glasses
- Chiropractic care
- Family planning
- Hearing aids
- Medical equipment and supplies

You may have to pay a copay for some medical services. Pregnant women and children under 21 do not pay copays.

The Medicare Savings Programs help pay Medicare related costs.

- **Qualified Medicare Beneficiary (QMB)** pays Medicare premiums, deductibles, copays and coinsurance ([DHS-2087E](#))
- **Service Limited Medicare Beneficiary (SLMB)** pays Medicare Part B premiums ([DHS-2087G](#))
- **Qualified Individual (QI)** pays Medicare Part B premiums for higher income individuals ([DHS-2087I](#))
- **Qualified Working Disabled (QWD)** pays Medicare Part A premiums if you cannot get free Medicare Part A ([DHS-2087F](#))

How can I qualify?

You must meet program rules including income limits. How much income you can have and still qualify depends on your household size, age, pregnancy status, if you are blind or have a disability, and the health care program you qualify for. **NOTE: Income guidelines are approximations only. Use these charts for general reference.**

**MA Monthly Income Limits
effective 7-1-22 – 6-30-23**

Family size	1	2	3	For each additional person, add
Infants under 2	\$3,204	\$4,318	\$5,431	\$1,113
Pregnant Women*		\$4,241	\$5,335	\$1,093
Children 2 through 18	\$3,114	\$4,196	\$5,277	\$1,081
Parents and caretaker relatives	\$1,506	\$2,029	\$2,552	\$523
Adults age 19 -64 without children	\$1,506	\$2,029	\$2,552	\$523
Adults age 65 and older	\$1,133	\$1,527	\$1,921	\$394
People who are blind or have a disability	\$1,133	\$1,527	\$1,921	\$394
*A pregnant woman counts as two or more.				

Can I qualify if my income is more than these limits?

If your income is more than the income limits, you may still qualify for MA by meeting a spenddown. A spenddown is like an insurance deductible. You pay part of your medical bills and MA pays the rest.

I am pregnant. If I qualify, will my baby get health care?

If you get MA as a pregnant woman, your baby will get MA through the month of his or her first birthday. During the first year, your baby's coverage cannot stop if he or she continues to live in Minnesota.

MA Asset Limits

Assets are items you own. Assets that may count include cash, bank accounts, stocks, bonds, certain vehicles and property where you do not live. Assets that do not count include the home where you live, household goods, personal items such as clothing and jewelry, and certain assets owned by an American Indian.

There is no asset limit if you qualify as a pregnant woman, a parent or caretaker relative of a child under age 19, a child under age 21, or an adult under age 65 without children. Parents and caretaker relatives who qualify for MA with a spenddown have an asset limit of \$20,000.

The asset limit if you qualify as a person who is blind, has a disability or is age 65 or older is \$3,000 for one and \$6,000 for a household of two or more.

What if I do not qualify for a Minnesota Health Care Program but still need coverage?

You may be able to get health care coverage through your work. Ask your employer if they offer health insurance to you and your family. If your employer does not offer affordable health insurance, you may qualify for a tax credit to help you buy health insurance.

Qualified Health Plans (QHP) and MNsure

You may be able to buy Qualified Health Plan (QHP) coverage, with or without a tax credit on MNsure. If you qualify for a tax credit, the tax credit can help pay the monthly premium.

MNsure is Minnesota's health insurance marketplace. You can find, compare, and choose, quality health care coverage that best fits your needs and budget. QHPs are commercial health insurance plans offered by insurance companies. All plans offer preventive services, mental health and substance abuse services, emergency services, prescription drugs and hospitalization. Some plans include more benefits.

Each plan is reviewed by state regulators, certified as a QHP and approved to be sold on MNsure.

You are able to enroll in a QHP during the annual open enrollment period. You may qualify to enroll at other times due to certain life events such as the birth of a child, marriage or loss of health insurance coverage.

Advance Premium Tax Credit

The Advanced Premium Tax Credit allows you to get a federal tax credit right away to pay a part of your QHP premium. To qualify you must file taxes at the end of the year and enroll in a QHP through MNsure. The tax credit is paid to the health plan you choose. You must pay your portion of the health care premium to the health plan to start and keep coverage.

You may also qualify for cost sharing reduction. This benefit lowers the copays, coinsurance, and out-of-pocket costs you pay for health care services.
